

HIDDEN GEMS

Being in self isolation doesn't mean being alone.

Our friends at Community Rail Lancashire have come up with this fantastic idea of Hidden Gems. Across the Community Rail Network many of us work together to create artwork to brighten up the stations in our local communities and we can still do this at home.

We want you to think about things you love in your local community or your favourite things in general and create some artwork for us either using the Hidden Gem template or in a medium of your choice – art, knitting, collage.

Email your finished piece to:
stationadoption@eastmidlandsrailway.co.uk

We'll share them and brighten up our communities, online or at stations*.
